SHELLBACK TACTICAL PREVAIL SERIES LEVEL IV 10X12 HARD ARMOR STAND ALONE PLATE (MODEL 1199) NIJ 0101.06 CERTIFIED

The Shellback Tactical Prevail Series Level IV Model 1199 Hard Armor Plate is the lightest level IV plate on the market. The Model 1199 provides ultimate protection against rifle rounds up to 7.62 x 63 M2AP and weighs in at only 4.4lbs.

Most lightweight level IV plates use monolithic ceramic which spiderwebs at impact - causing decreased capability to stop multiple impacts. The Shellback Tactical Model 1199 uses a patented tile array that stops the spiderweb effect and mitigates the damage and intergrity to the rest of this level IV plate.
